Description

ArduSimple manufactures the SparkFun GPS-RTK2 Board - ZED-F9P (Qwiic) GNSS receiver following the Open Source Hardware (OSHW) guidelines.

ArduSimple has not any relation with SparkFun, in case of any issues, warranty is provided by ArduSimple.

Check out [GPS-RTK2](#) page to learn more.

Good to know:

- This product is manufactured and sold by ArduSimple, designed by Sparkfun.
- This product is the same as part number GPS-15136.
- You are allowed to sale your version of this board (as is or with modifications)
- This product is compatible but doesn't include [multiband GNSS antenna](#), which is necessary to use the product. The module will not give good performance with a standard GNSS antenna, requires a multiband one.
