Description

Cable to connect [simpleRTK2B](#) and [simpleRTK2Blite](#) to the most common Pixhawk autopilots.

The cable length is 15cm and has JST-GH and DF13 6 pin male connectors.

This kit contains 3 different cables and is compatible (at least) with the following Pixhawk models:

- [Pixhawk 1](#)
- [Pixhaw 2.1 \(Cube\)](#)
- [Pixhaw 4](#)

Be aware that some clones may have different connectors, we can only guarantee compatibility with the original Pixhawk models.

The red wire may NOT be pin #1 (+Ve) – please carefully check the pin numbers printed on the PCB and do not rely on wire colors.
